PUBLIC NOTICE

The National Land Commission wishes to confirm receipt of summons for some Commissioners and members of staff to appear before the EACC to shed light on the ongoing enquiry on the SGR compensation

As the body mandated to manage public land on behalf of the National and County governments, the Commission despite numerous challenges has played a significant role in ensuring land is availed in good time for government projects such as SGR.

The Commission would like to go on record as the key contributor to the successful and timely completion of SGR phase one and just last week was again on the ground to familiarize itself with the second phase of SGR – Nairobi to Naivasha.

Today, members of the Commission are in Mombasa to celebrate the launch of phase one of SGR.

The Commission will fully cooperate with all government agencies to assure the Kenyan taxpayer that every coin received by the Commission for compensation to the affected land owners was used for that purpose.
